Being an Escrow Professional at Island Title is terrific! These people are serious, dedicated professionals. For personalized service you can't beat Island Title. This is a five star company! There's a big difference between an escrow officer and an escrow professional. For the professional, it's all about being accessible, responding quickly to the client's needs, handling client's questions and solving problems fast. My work starts before the opening of the escrow and is not finished until after the escrow closes. Every minute and hour in between the opening and closing, I'm "on duty" and available, whether in the office or by cell phone. My work day goes way beyond 8 to 5.

Hobbies: Golf and gourmet cooking. Passions: My 3 grandchildren.
